# Rubricate PLUS

“ ... enhancing teaching and learning through integrated and innovative assessment strategies ... ”

assessment  
**FOR**  
Learning!

## 1... Rubricate PLUS DESIGN

... computer software to guide a teacher through the essential decision-making required in their lesson planning and integrated design of their assessment strategy—to produce Teacher Assessment Plans for a Preparation File and correlated Learner Task Guides.

## 2... Rubricate PLUS CREATE

... computer software to assist a teacher to create unique and customised Assessment Tools: checklists; anecdotal records; rating scales, performance lists, analytic or holistic rubrics - compatible with curriculum change through to 2014 for any grade and subject.

## 3... Rubricate PLUS RECORD

... computer software to provide administrative support to the busy teacher - organising learner achievements as percentages or rating codes on class lists to generate Assessment Records for continuous feedback and simple summative recording and reporting.

“Using Rubricate is like having a mentor sitting next to you while you prepare your lesson, guiding you to good teaching practice”

*Roger Cameron—Headmaster, St John's College, Johannesburg, 2011*
